J Am Acad Dermatol 2015;72:239-45

1. Quality does not equal Cost

$$\text{Value} = \frac{\text{Quality} \times \text{Patient Experience}}{\text{Cost}}$$

2. Quality care should be the primary driver and finances need to support what we do, not the other way around

3. The only way to focus on quality in today's healthcare environment is to own our data

The Strategy That Will Fix Health Care

by Michael E. Porter and Thomas H. Lee, MD

FROM THE OCTOBER 2013 ISSUE

6 BUILD AN ENABLING INFORMATION TECHNOLOGY PLATFORM

RECOMMENDATIONS

Do what is right / Make sustainable decisions

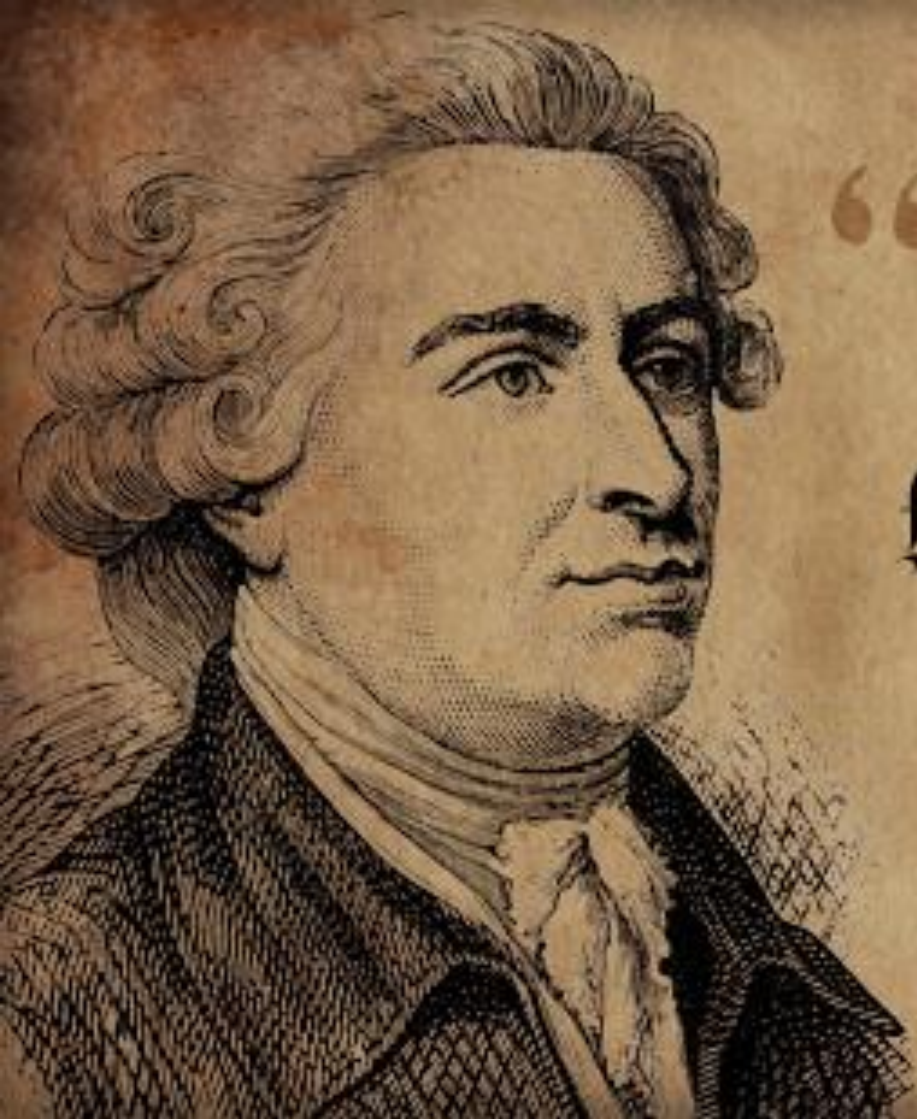

Be kind / control your narcissism

Create a team or network / Give your colleagues your cell #

Know who your patients are - Attribution

Understand your patients socioeconomic factors - Hotspotting

Use clinical registries

“All that is necessary for the triumph of evil is that good men do nothing.”

- Edmund Burke
